TRAVELING CONSULTING

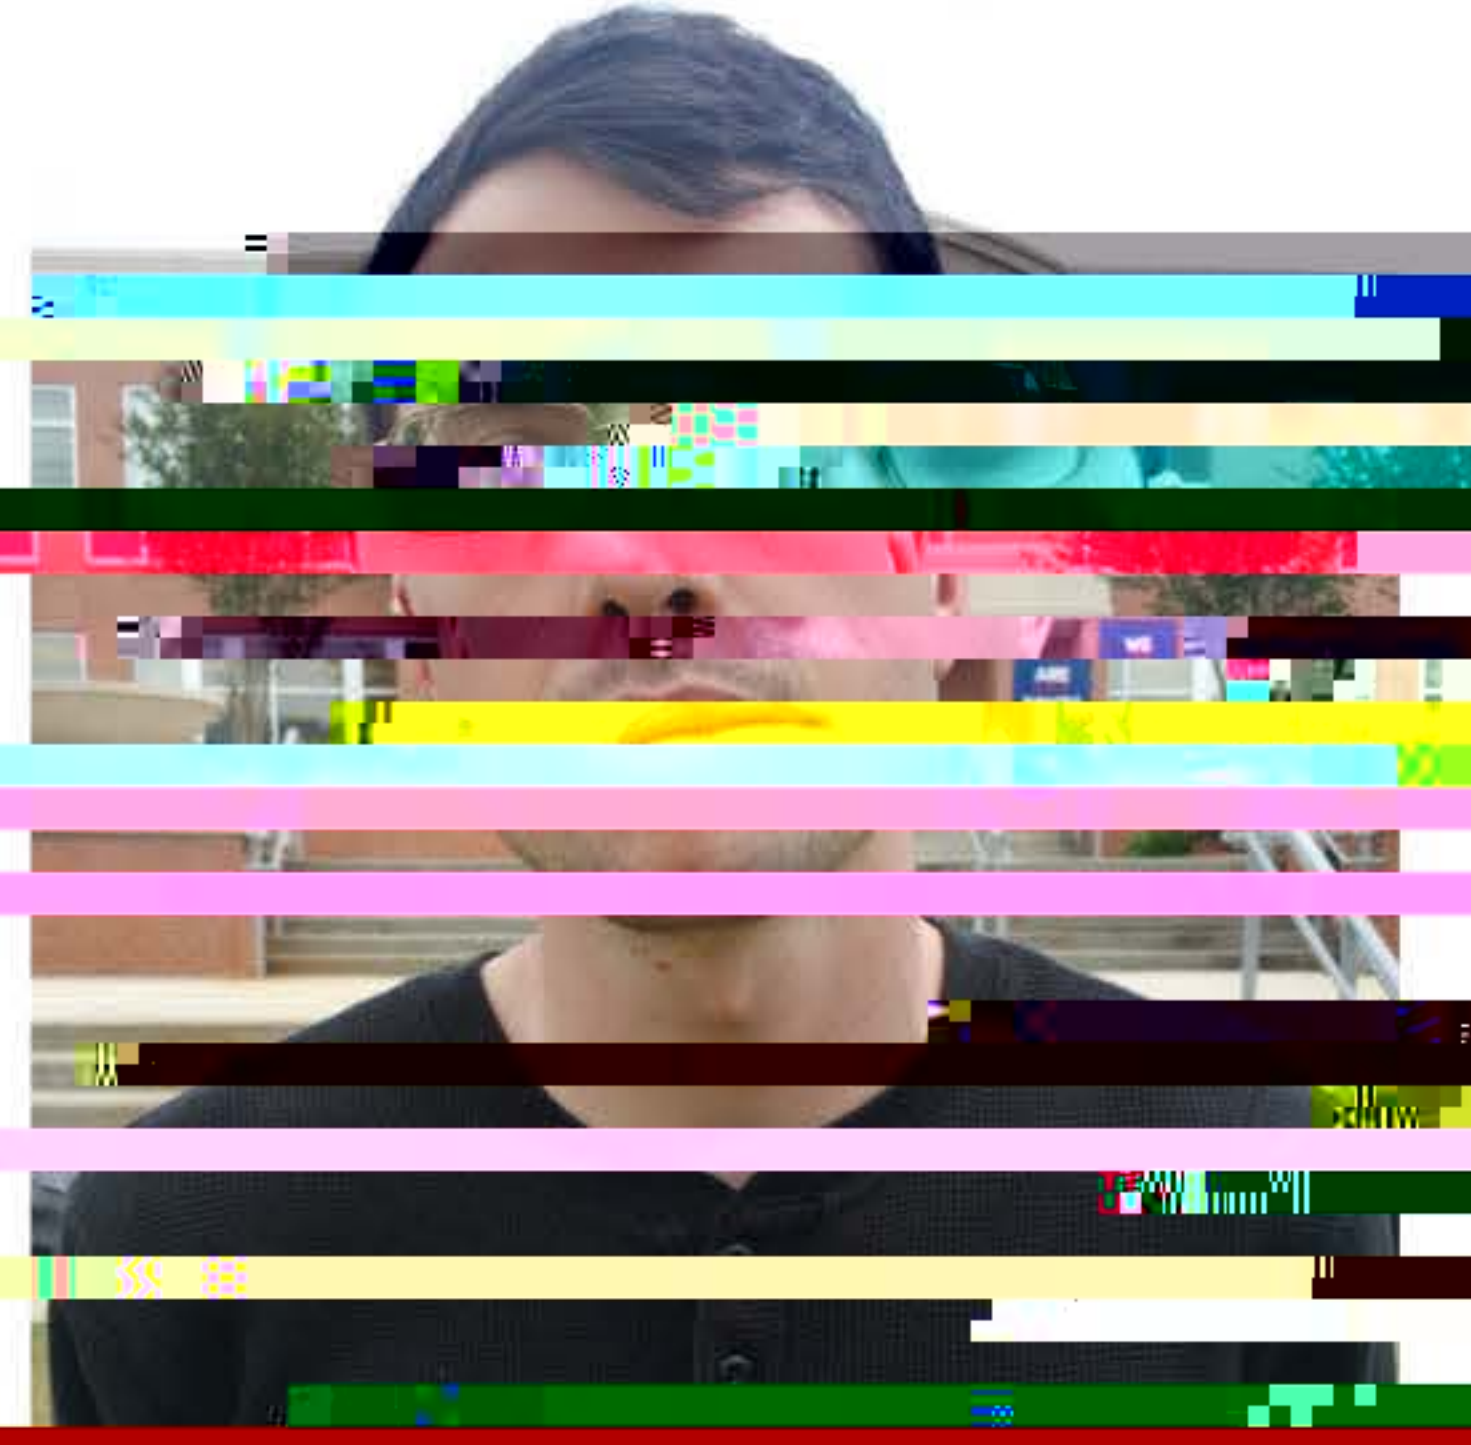

Breannah Parten

My name is Breannah Parten and I am a computer science major. My hobbies include playing video games, piano, and cooking. I have two cats named Kitty and Muffin, as well as a puppy named Albus Dumbledore. I plan to eventually move to northern Alabama to live in the mountains.

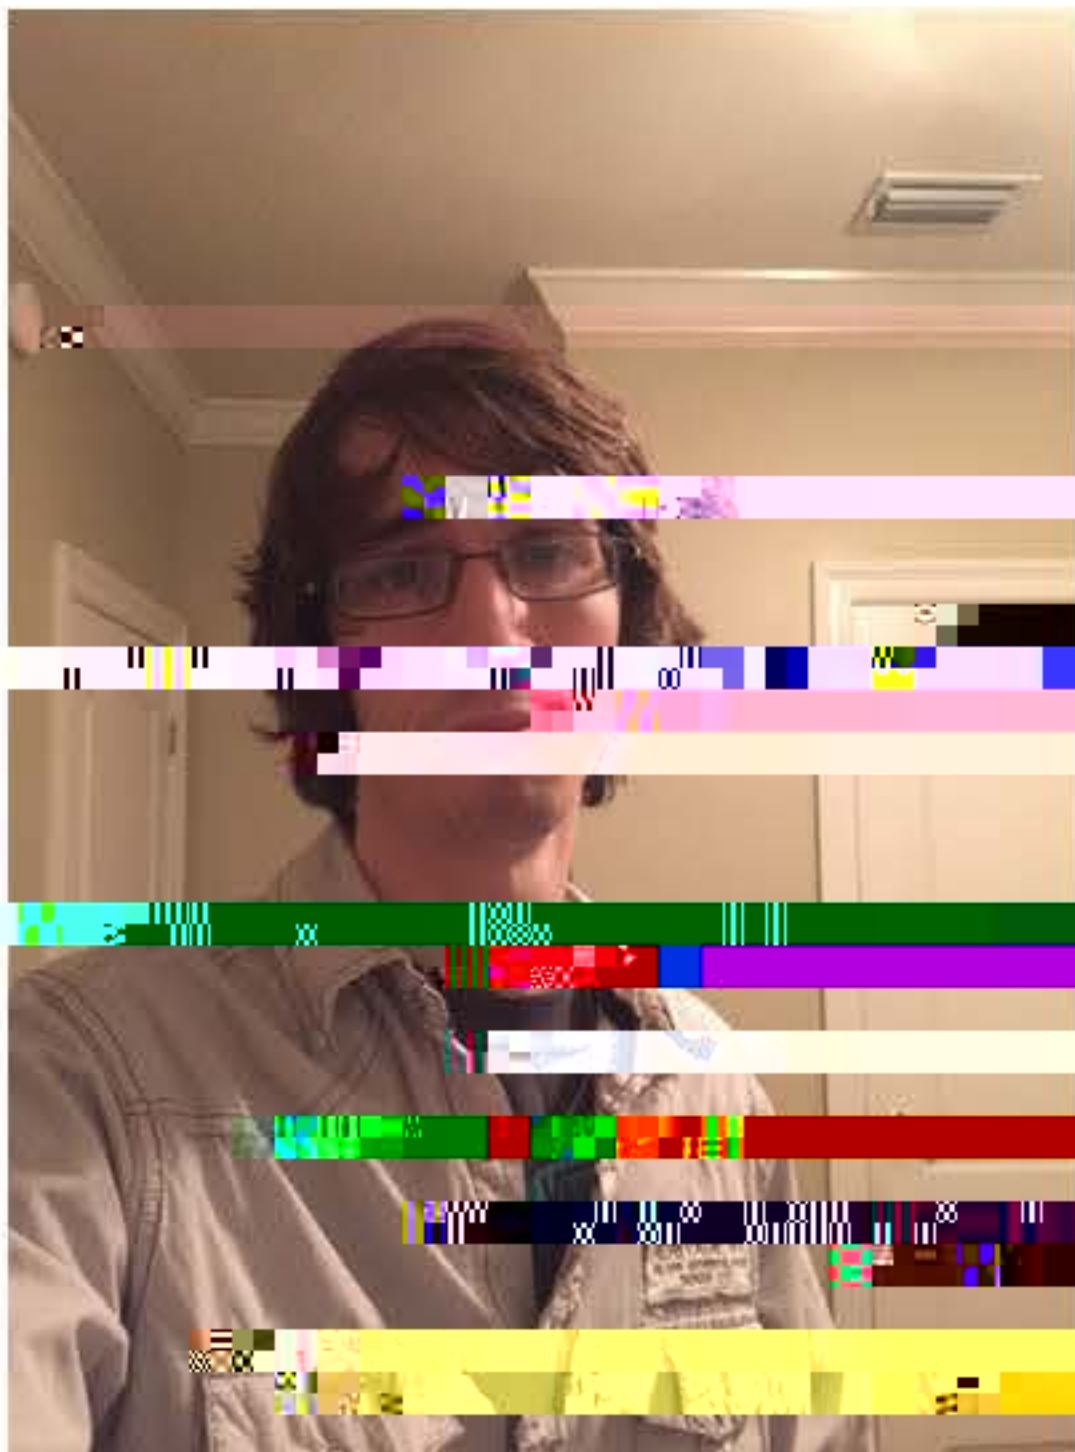

Seth Maize

My name is Seth Maize. I am a computer science major with a minor in mathematics. I got into programming in high school and it has been a fun journey ever since. I did like creating things. I found that with programming I can create things that I can't find in the real world. I really enjoy mathematics I can't find the bug. I am looking at you missing semicolon.

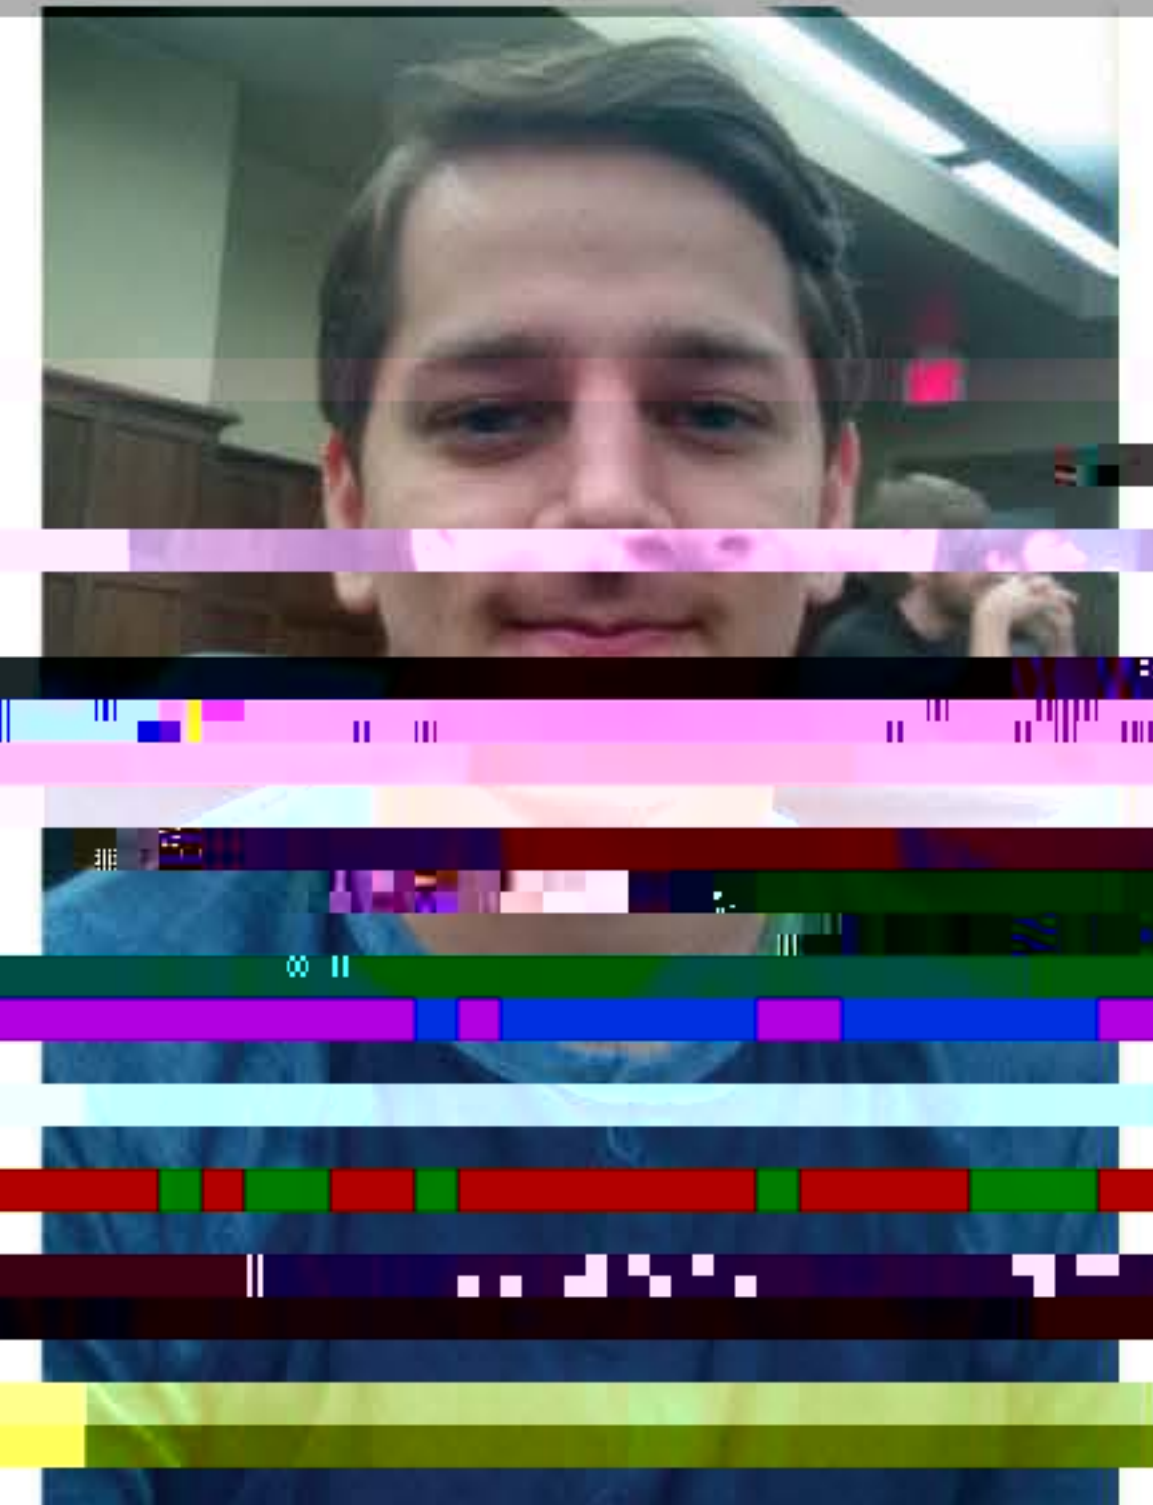

Sean Davis

I'm a CS major. Some of my interests are cyber security and programming. I enjoy programming and I enjoy programming.

Skyl Dushing

In large text above this paragraph you can see I have written in a lovely Comic Sans font, and I am also a CS major. I enjoy sitting, sleeping, and eating. As it turns out, you can do these things for a living. I also enjoy peanut butter and jelly sandwiches, but you didn't see that coming.

Connor Davis

I like and binge eating. I work for the rest of my life. I enjoy programming in a few different languages.
